

WATCH **MY** LICENSE

Florida Driver License Monitoring Service

How many of your drivers currently have a suspended license? The answer may surprise you. Driving with a suspended license is the most commonly committed offense in America. In 2011, over **1.8 million** licenses got suspended in Florida. With just over 15 million drivers, that's **12%** of all licensed Florida drivers.

Watch My License makes it easy to monitor your fleet's driving privileges. When problems arise, you'll get notified immediately so that you can take swift action. And you can monitor your whole fleet at a glance with **Watch My License's** innovative web-based application.
