## Marshall Shredding Services

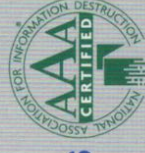

Marshall shredding provides total information destruction keeping your company safe and secure. A single breach in the State of Texas could cost you and your organization a minimum of \$50,000 in penalties. We specialize in on-site shredding and can handle everything:

- Documents
- Magnetic media
- Computer hard drives
- Cell phones
- Microfilm
- Plastic cards

If you've got it, chances are we can shred it.

### Legal compliance

Marshall Shredding is 100% compliant with the Health Insurance Portability and Accountability Act (HIPAA), GLB, FACTA and all other state and federal information destruction regulations.

GSA Contract: GS-03F-0149V

TXMAS Contract: TXMAS-10-36020

We recycle 100% of all the paper that we shred

## What Sets Marshall Shredding Apart

You could pick any company to shred your company's sensitive documents, but there are several reasons we think you'll value the features that set Marshall Shredding apart from the rest of the pack.

**Satisfaction Guaranteed:** No other shredding company can match our three-point guarantee. Marshall Shredding is the:

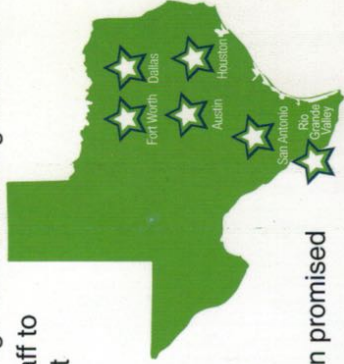

- **Most secure:** Awarded the highest security rating (AAA Certified) by the National Association for Information Destruction.
- **Most affordable:** Up-front pricing that fits your budget. No hidden fees or surcharges.
- **Most reliable:** If we miss your regularly scheduled appointment, it's free.

**No long-term contracts:** We don't lock you in.

Marshall Shredding is so service oriented, we don't have contracts. We'll earn your business everyday.

**Customer Bill of Rights:** We want our customers to expect these standards of excellence, and spell it out very clearly:

- Safe and secure collection and disposal of all items
- Quick, efficient and high-tech shredding services
- Trained, qualified staff to service your account
- Insurance coverage up to \$2 million
- Upfront pricing with no hidden fees
- Talk to a live person every time
- On-time arrival, when promised
