Executive Summary

TechWorks, L.L.C. is an Information Technology solutions provider, headquartered in Omaha, Nebraska. We specialize in Project Management, Architecture, Application Software Development, Systems Integration, and effective presentation of information in the emerging mobile and cloud environment. Our Team has extensive management and technical experience with Federal Government and DOD, with members who have served in Military or government positions prior to joining the TechWorks Team. Our employees are certified in their respective disciplines, and offer a broad range of skills and talent with key leadership exceeding a minimum of 15 years' experience. Our experienced leadership team will assist you in meeting your technical objectives within your budget and schedule. TechWorks approach is to evaluate, plan, build, integrate, implement, and support projects flawlessly. Our number one goal is to satisfy our clients with our performance, and develop long term relationships.

Consulting

Our Consulting Services focus on integrated solutions designed to enhance the performance of your business. By incorporating industry best practices into your business processes and management strategies, we can help you stay ahead of the competition and better serve your customers.

Technology

Our Technology Services focus on developing robust, secure and stable technology solutions for your business. By incorporating common sense solutions into seemingly daunting deliverables, we can ensure at the start of the project that we will safely deliver the product to completion.
