

BrainSolutions.ca

Mental excellence. Brain health.

CONFERENCE AND e-EXPO
Vancouver Convention Centre

AUGUST 2013
Sat. 24th - Sun. 25th

"Strengthen, optimize,
and heal the most important
part of you: your brain"

DR. DANIEL G. AMEN

For the first time in Vancouver a panel of world class speakers present real solutions to brain health issues.

Why?

Hey! It takes awareness
to realize the challenge
within ourselves...

Yo! It takes effort
to seek help...

I got to say!
It takes awareness to
recognize the challenges
other are facing...

Mental Health:
the biggest
medical burden
globally by 2020
Only 1 out of
5 Canadian
children receive
needed mental
health care

Depression is the leading cause
of disability world-wide
One in three Canadians will suffer
a brain-related disease

Indeed! It also takes courage to
reach out to support others!

Yes! It takes courage
when I am facing my insecurities,
anxiety, and the times of
depression!

I think this is where
my health journey
begins!

It takes awareness to
recognize the challenges
other are facing...

Mental Health:
the biggest
medical burden
globally by 2020
Only 1 out of
5 Canadian
children receive
needed mental
health care

Globally, 20% of children and
teens have mental disorders
Up to 90% of treated patients
recover from mental health issues

Indeed! It also takes courage to
reach out to support others!

Yes! It takes courage
when I am facing my insecurities,
anxiety, and the times of
depression!

I think this is where
my health journey
