

The Renovator

*Convenient, Stable & Strong
to provide added safety*

Features

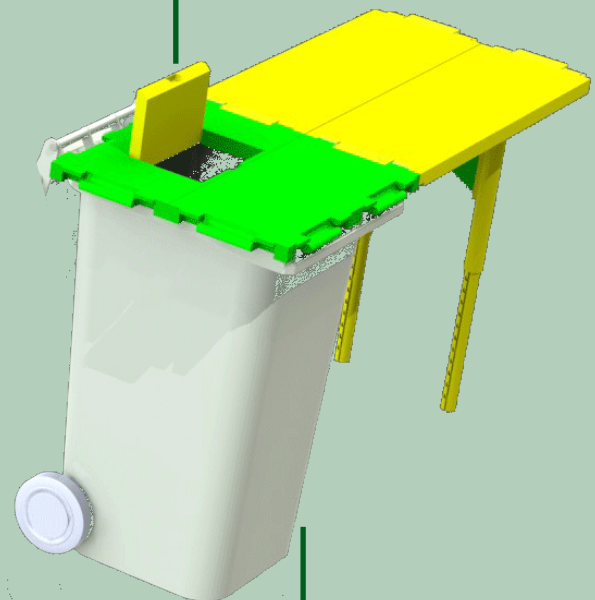

Renovation made easy. Set-up the workbench system where it is needed most, right beside the job indoors or out.

Add an extra workbench to double the workspace to make jobs such as cutting long lengths, handling large or heavy items or even jobs such as painting or wallpapering simple and easy.

Accessories

The typical Renovator would use the "T-Slot" clamp system, Tool holder, Parts tray, Magnetic tool strip, Electrical Power Board, Work lights, Paper Towel roll holder and the large storage bin for seedling mix.

Easy clean hatch Universal Locking system

Standard Wheelie Bin
