

## Company Bio

Power Lift is a Dallas based leader specializing in the custom design, fabrication and installation of structural underpinning and lifting systems. Founded in 1986 by Bill McCown, Power Lift Foundation Repair, Inc. has grown from start up to become a recognized industry expert routinely sought out to assist in the development and installation of complex underpinning and lifting systems. By maintaining offices in Dallas, TX and Wichita, KS, we service the entire state of Texas, Louisiana, Kansas, and Missouri daily. Also, our commercial interest takes us all across the nation. Our revenues have ranged from five to eight million over the last five years, and we continually employ 50 to 80 personnel. The key to our company's success can be attributed to our dedicated personnel. From our leadership, our management, supervisory personnel, down to the men in the field, safety, innovation, and performance are the foundation which our company is built upon. Take a closer look and were sure you'll see why "Our Reputation is Rock Solid".
