

The logo features the word "ultra" in a gold-colored sans-serif font, followed by a stylized "AV" where the "A" is gold and the "V" is white with a microphone icon at its base. The "V" is composed of several colored segments: red, green, and blue. To the right of "AV" is the word "ision" in a white sans-serif font. Below "ultra" are two small circles, one blue and one gold. To the right of "AV" is a large, bright white circle with a lens flare effect. A thin white horizontal line separates the main text from the word "TECHNOLOGIES" below it, which is in a gold-colored sans-serif font.
