

MANA ISLAND RESORT & SPA

FOOD & BEVERAGE

OUR VISION FOR 2015/2016

Mana Island Resort & Spa is a hidden paradise nestled in the heart of the Mamanuca group of islands, only 32km West of Nadi and situated on a lush tropical island, offering the most stunning white sandy beaches at the North, South and Sunset side of the island. Mana is famous for having the best beaches in the Mamanuca's and crystal clear turquoise waters. The resort offers an extensive range of accommodation in 6 categories, from island bures, honeymoon bures to luxury suites. A high quality Spa and Fiji's first Ocean Front Wedding Chapel, Sea View banquet room, a five-star PADI dive center as well as various watersports.

With the refurbishment of the resort in 2015, the new main facilities will be opened in late August, featuring a stunning outdoor pool with horizon feature overlooking the north beach of the island, separate kids and adults-only pool, a new lobby as well as a brand new gym and boutique. The new facility will also feature several fantastic dining venues.

WAR IS COMING TO FIJI! Award winning celebrity chef, Lance Seeto heads Mana Island's revamped culinary team with his highly anticipated signature restaurant WAR; the culmination of his six year journey to capture the essence and gastronomy of the ancient Fijian diet.

Inspired by the medicinal and gluten free diet of the South Pacific, WAR combines wild and raw produce of the region, with the ancestral techniques of wood fire, seawater brines, curing and coconut in a kitchen without technology. WAR is the next evolution in Chef Seeto's culinary arsenal that has seen him win Best Fine Dining Restaurant twice in 2013 and 2014.
