## The Leadership Series

*The Leadership Series* is a collection of resources designed to help local church leaders, missionaries, and pastors develop leaders to strengthen and expand the church worldwide. *The Leadership Series* is unique from other leadership training materials. It incorporates a process of studying together and interacting that develops unity in leadership teams in two ways: (1) one-mindedness around biblical principles and (2) unity around culturally relevant strategies and applications developed together. The process uses biblical readings, readings from over 300 authors from the Church community worldwide, written projects, discussions, and applications. *The Leadership Series* is an excellent tool for equipping a wide spectrum of church leaders, including those pursuing roles as pastors, missionaries, evangelists, and church planters.
