

# Products “icon” , “line drawing”, sketch

On the home page we want to show our “Products”, but as sketches instead of photos.

Like a staged photo we would like a staged montage of some of the different products.

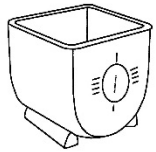

In the following slides I have photos of the of some of our products that could be displayed.

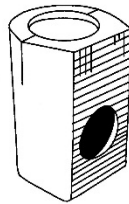

These would be line drawings or sketch

Ideas for images to be used in line drawing montage  
on home page

I have sized these images to show the approximate relative size of them. You don't have to use all these pictures.
