

LOWER BROOK HOUSE

B L O C K L E Y

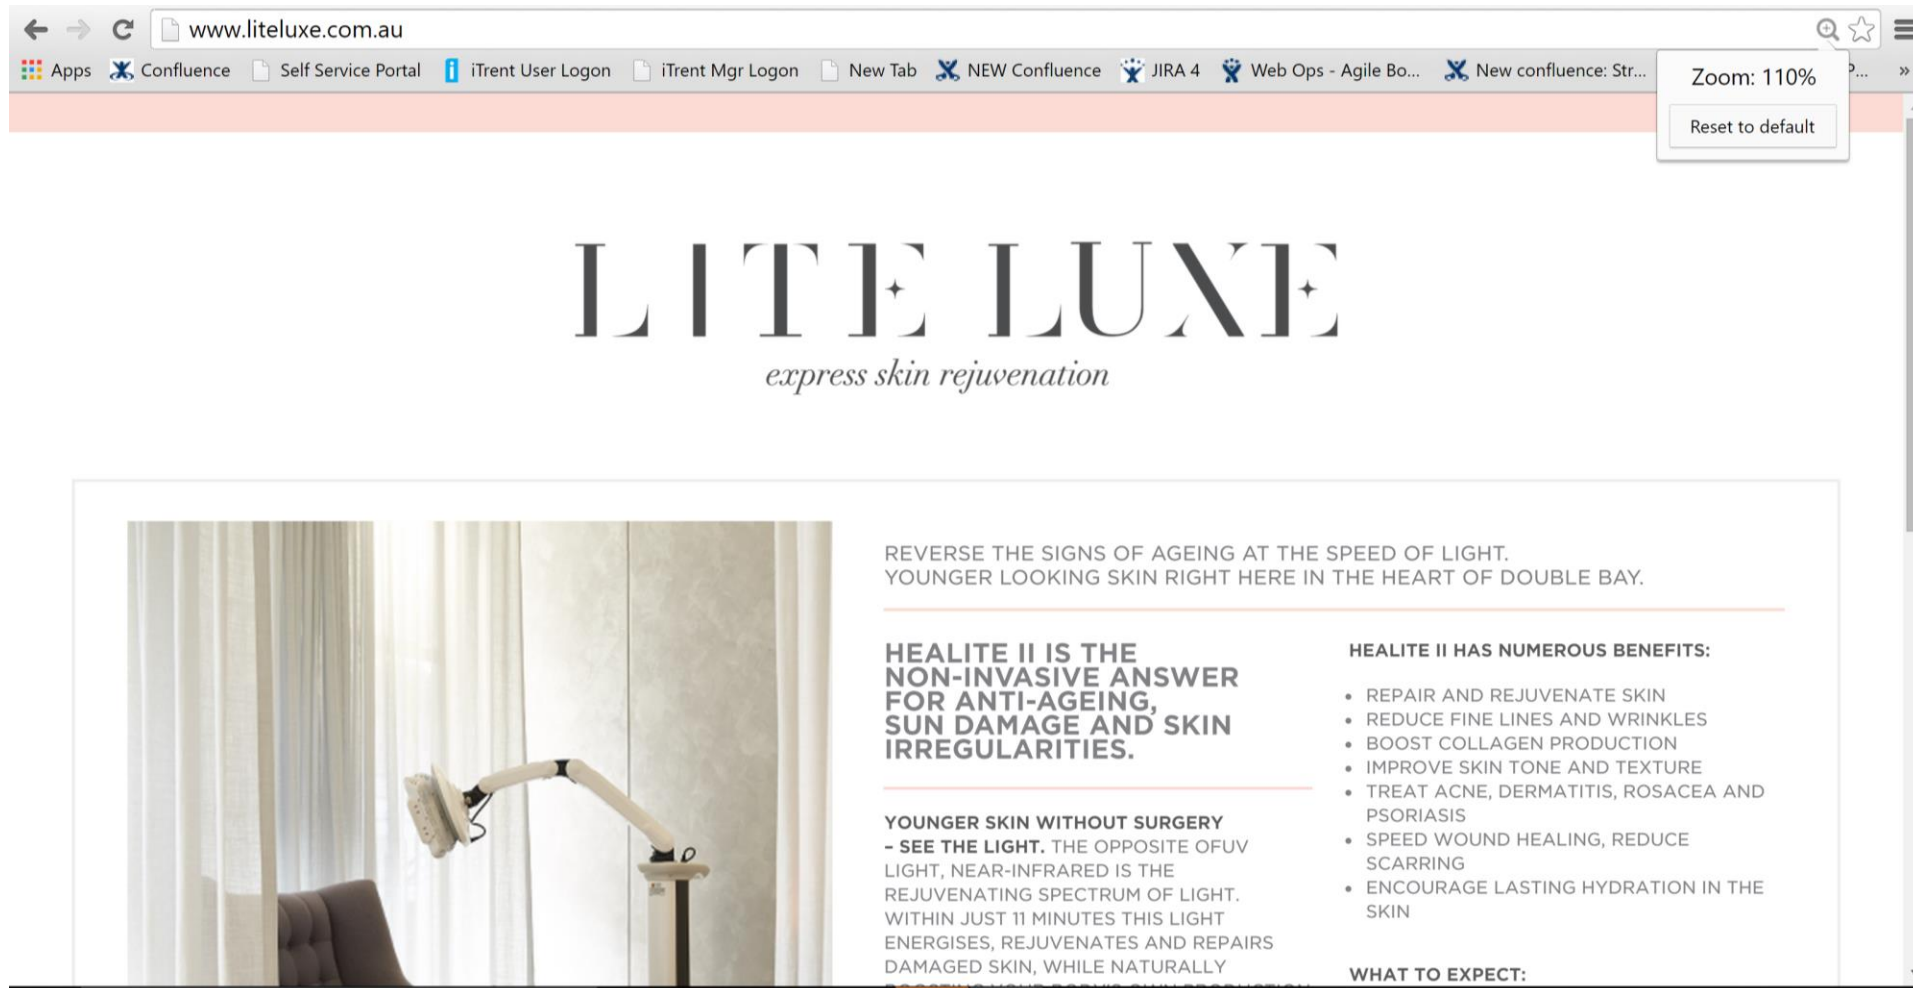

This was the old design,
when the house was
previously a hotel.

Would like to give it an
update

Love the simplicity of
this design

Love the simple details
of this font

The screenshot shows a web browser window with the URL www.liteluxe.com.au. The browser's address bar and tab bar are visible at the top. The page features a large, elegant serif font for the brand name "LITE LUXE" and a smaller, italicized serif font for the tagline "express skin rejuvenation". Below the header, there is a large image of a light therapy device (HEALITE II) in a clinical setting. To the right of the image, there is a block of text describing the device's benefits and usage. The text is formatted with a mix of bold and regular weights, and some lines are underlined. A zoom menu is visible in the top right corner of the browser window, showing "Zoom: 110%" and a "Reset to default" button.

Also love Net-a-Porter's
two fonts – the large
serif and the lower case
font they use
