# OUR APPROACH

Our approach to Construction Management will be collaborative, proactive and tailored to your specific needs. As a cohesive team, we will successfully complete your project and exceed your expectations.

# PRELIMINARY SCHEDULE

In attaining the highest accountability, we have built and covet our reputation to deliver projects on time and on budget. Our team considers scheduling to be the primary tool of organization and management of all of our projects.

LIVING MEMORY CARE  
WING ADDITION

# ESTIMATE PROCESS

Elzinga & Volkers strived for the past 60 years to deliver the highest accountability, creative problem solving and exceptional client service in each and every project undertaken. It is our intent to provide clients with the most accurate and complete financial picture possible.

# QUALITY CONTROL

In our quest to be the best building contractor, Elzinga & Volkers is committed to working step-by-step together with our employees, trade contractors and suppliers to provide the highest level of quality construction excellence to every one of our customers.
