**KEEPS YOU
KEEPING
ON**

The lights were off and someone was at home...

Vendahand began as a solution to a problem we encountered. How many times has the light globe blown and it was too late to do anything about it, because the shops were shut or 7-11 is too expensive.

Vendahand Metro was born.

A solution designed to provide basic household essentials from vending machines located in residential buildings with the concept that residents could have those essentials within arm's reach at any time of the day. From Panadol to pantyhose, light globes to lighters and many things in between.

The Bubba Box

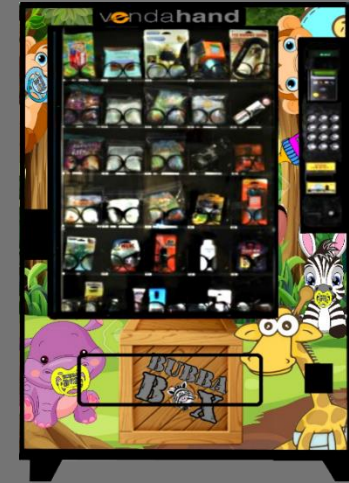

Bubba Box is a vending solution that enables venues to provide a service to their guests with a variety of baby and child essentials to parents on the go. We offer a variety of products, ranging from pacifiers and nappies to formula and snacks.

Our aim is to allow families to enjoy more time during a family outing instead of having to leave because of a missing necessity and to relax and enjoy their time.

The Bubba Box is the antidote to the stress that parents feel when they realise they need something and have no place to buy it.

That one small purchase can literally save their day!

Our Mission

Vendahand's mission is to bring the consumer a new and innovative means of purchasing those everyday essentials and necessities in a uniquely convenient way which will ease stress and enhance their everyday experiences so that they can keep on keeping on...

Vendahand is committed to identifying ways to continuously improve our processes to meet the ever-changing needs of our customers. We will actively push and set new standards for our industry and will implement our core values in all of our day-to-day business dealings.
