

## Hotel Development Incentives in Western Australia.

A presentation by

Tourism WA, Infrastructure and Investment Division

Friday 17<sup>th</sup> February 2012

In spite of record occupancy levels by hotels across Perth over the last decade, investment in additional hotels has not kept pace and is now impacting on the economy generally and the Tourism industry specifically.

In August 2011 the State Government agreed that hotel development in WA required Government support to facilitate the new supply of short stay accommodation.
