

# COODO

BRAND NEW HEATING BENCH

☆☆☆  
**MADE IN EU**  
☆☆☆  
**TESTED IN**  
☆☆☆  
**GERMANY**

## PRODUCT FEATURES:

- fire safety class: A1
- no harmless fumes from any of raw materials nor cotes
- maximum allowed working pressure: 1.0 MPa
- pressure test: 1.3 MPa
- ordinal heat output for the installation water parameters 75/65/20°C,  $\Delta T=50$
- maximum operational temperature: 95°C

## STANDARD COMPONENTS:

- Cover made of steel galvanised with zink-magnesium layer, RAL 7047 and RAL 9005 powder-coated
- Unit sides are made of tempered glass
- Coil - copper-pipe with aluminium fins water side heat exchanger,
- Air went valve,
- TRV (thermostatic valve),
- Connections ET3/4"
- Sitting boards that is made from coated oak wood

Other wood materials and finishes concerning sitting bench convector are available on demand.

Length [mm]	1062	1562
Heat output [W]	1381	2243
Water capacity [dm3]	1,25	1,86
Product order code	CMV5-45/42/106	CMV5-45/42/156

## PRESSURE LOSSES
