Like a superhero, your juice pack conceals its secret powers until they're needed, then swoops in for the rescue.

JEFF FOSS, ESPN

[The juice pack helium is]...a mophie case, which means it's Apple certified, looks great, and does what it promises—significantly boosting iPhone battery life—in a relatively svelte package.

LEX FRIEDMAN, MACWORLD

A good battery-pack case for your phone can make the difference when leaning on your handset...For the iPhone 4 and 4S, the mophie juice pack air...combines a powerful battery with a compact case, without adding too much bulk.
