"The Virginia-Born performer had a successful music career Off Broadway and in TV and Film before launching her Country career after a chance encounter with a songwriter while shooting the CMT reality show "Popularity Contest". "Marthia has been blessed to travel around the world for music.

"Being from VA I've always loved Country music, especially our native Patsy Cline, and sang some Pop and Country but went the classical direction after High School. Popularity Contest brought me back to my roots but I was given the tools to know how to really sing. I wouldn't trade that for anything!"

"Playing shows around the Country can sometimes be stressful, lack of food, rest, etc.. But one night in Kansas it was all put into perspective. A man came up to me after the show and said "this was the worst week of my life and you made it better". That is a blessing that I will never forget, being able to make someone happy through song." I hope you enjoy the songs!
