Jamie & Kim's Mobile zoo

THE PERFECT WAY TO ENTERTAIN FAMILY, FRIENDS, EMPLOYEES OR CLIENTS!

Only the most AWESOME traveling zoo in Victoria! Jam packed full of our cutest native animals, much more than what's on our website, Jamie and Kim's Mobile Zoo turns every party into a day to remember. Jamie has completed all the training to hold a DSE wildlife demonstrators licence, holds current Police and Working With Children checks and is fully insured. The Zoo even has it's own marquis!

Jamie and Kim's Mobile Zoo have been appearing at day-care centres, kindergartens, schools and public events for over a year now. They're becoming quite well known throughout the state of Victoria and have had wonderful feedback along the way.

The show features displays of wildlife, talks on each animal presented plus the opportunity for individuals to have an up close experience with all of the animals. The website is still being built so doesn't show off all of the animals available. The range is huge and includes some rarely seen animals in this type of show including tame Dingoes, Wombats, Potoroos, Bettongs and Barn Owls.
