

## WHY KURIOS ENERGY?

### SAVINGS.

What's your business' plan for managing energy costs?

Did you know your utility electric rates have been going up more than 7% annually for nearly 40 years? That is 2-3 times the rate of inflation in the Consumer Price Index. Here is a look at what you will pay over 20 years:

<u>If Your Annual Costs Are:</u>	<u>20 Year Cumulative</u>
\$50,000.00	\$2,049,775.00
\$100,000.00	\$4,099,549.00
\$250,000.00	\$10,248,873.00
\$500,000.00	\$20,497,746.00
\$1,000,000.00	\$40,995,492.00

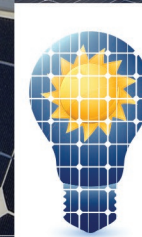

### KURIOS ENERGY – experts you can trust.

**Solar is all we do.** Our team of experts will guide you through the process from concept to completion. We will show you how solar can pay for itself in just a few years. We will assist you in determining the best way to acquire solar, and guide you through the complex incentives and tax credits that can cover as much as 70% of the system cost. When you partner with KURIOS ENERGY, we ensure that your solar system will maximize your financial return, hedge against inflation, and increase cash flow.

### SERVICE.

KURIOS ENERGY provides a wide range of solar related services spanning the entire system life. We offer: **Feasibility, Cost Analysis, Design and Engineering, Permitting, Construction, Financing, Rebates, System Maintenance and Repair, System Monitoring, and Panel Cleaning.** You can rest easy knowing that your investment will continue to produce at its capacity for years to come, with the assurance that KURIOS ENERGY will be there for you long after the sale and installation of your solar system.
