

Hello everyone,

Thank you so much for your interest in this project. I'm wanting a logo for a Craft Beer Store that is opening in Taipei.

The name of the place is: Crafted
Our subtitle/slogan is : Beer Co.

Logo styles that I like are in the "Vintage" category.
Please visit the link below for samples of logos that I like:

Also attached some other logos that I really like. So something in that area.

As far as design, I want something that has a beer Hop .The store is going to be located across the street from a university that is popular for it's design department. So I thought it would be a neat idea to incorporate something like that? But I will leave that up to you :)

This is what the logo should say:

"Crafted Beer Co."

With "Crafted" being the main name so it should be in bigger letters.

Also in Chinese it should have these characters:

精釀啤酒屋

Which translates to craft beer store.

I also like these type of fonts a lot:

With colors, i'm leaning towards a dark grey or dark blue. With white letters. But again I'm open to suggestions. I want something that is not too colorful, but looks sophisticated and cool.

Overall, I want something that would look good on a T-Shirt.

Thank you so much for your hard work and please don't hesitate to reach out if you have any questions :)
