As a well-established company, Blend Residential Designs have helped many West Australians achieve their dream of a truly custom designed project. Working closely with clients allows us to create designs that reflect the clients exact needs and requirements.

Blend Residential Designs takes great pride in providing an unrivalled service that surpasses the industry standard. Our reputation provides a building block for our success along with a strong foundation of company principles.

Experienced – Our experienced designers provide peace of mind to our clients. Experience goes a long way in ensuring your project is completed to the highest standard, on budget and to your specification.

Established – The Blend Residential Designs office is located on Canning Highway in Como and provides a comfortable environment for client meetings where your project can be viewed, altered and discussed productively.

Dedicated – Our designers are dedicated to ensuring your project receives the attention it deserves. Blend Residential Designs focuses entirely on custom residential projects. Working on projects full time allows us to reduce lead times and keep your project moving in the right direction.

Accommodating – Blend Residential Designs strive to accommodate clients by helping with other services / items required by your local council. Services may include but are not limited to energy efficiency reports, engineer certification, soil test and site surveys.

Reputable – Blend Residential Designs consistently receives glowing testimonials from all our past and current clients ensuring our reputation is upheld to the highest standard. Blend Residential Designs is also a proud member of the BDAWA (Building designers association of Western Australia) which moderates the quality of work produced by its members.

Progressive – As technology advances so do the benefits for clients, Blend Residential Designs utilises the latest 3D software allowing clients to see and walk through their project in a virtual form prior to completion as well as utilising the latest rendering software for photo quality imaging.

Blend Residential Designs provides an incomparable service that is constantly reinforced by client satisfaction. Our team is passionate about residential design and we look forward to the prospect of working on your project.

Kind regards
Blend Residential Designs
