WeightMax Grow & Bloom

1-2-3

Free Shipping

WeightMax Bloom & Grow 1-2-3 is especially formulated to give plants a super boost of energy by raising the plants metabolism. It increases nutrient uptake by providing naturally occurring hormones and vitamins that plants need. provides nutrients for structural growth & bloom, specialized nutrient for rapidly growing plants during the growth & bloom phase. It promote rooting, prevent plant shock, maintain heath, & increase yields and bud size. It is ideal for hydroponic, soil, outdoor & indoor plants. In reservoirs or as foliar spray or as a stand alone supplemental feeding, it should be used during your plants entire lifetime from seed or cutting to harvest.
