News

LED Source

The new Reflection LEDko uses advanced technology that has solved the problems normally encountered with LED.

LED Source: North American Debut of Reflection LEDko – FullSpectrum, VariWhite and White 3200K

LED Source, North American distributor of Coemar, announced today at the much anticipated Reflection LEDko is now available.

LED Source

Reflection LEDko is compatible with 3rd party lens tubes. Has interchangeable profile, soft profile PC and Fresnel optics.

LED Source: Reflection LEDko thought to be the most versatile LED fixture available.

Reflection LEDko makes it possible to create Gobos instantly from your standard printer.
