

Member's Logos and Guidelines

As a financial member of the Institute, you are entitled to use the Migration Institute of Australia (MIA) Member logos. We encourage you to incorporate them into your own marketing practices – business cards, websites, letterhead, signage and advertising to show you belong to a dynamic, professional representative body. Not only does this add extra credence to your own qualifications, it also demonstrates that you abide by the Institute's professional and ethical standards and are in touch with the latest issues regarding migration legislative and policy.

Contact the MIA at info@mia.org.au to access these logos.
