SINGLE CUP COFFEE VENDOR

"The improving economy has resulted in locations increasing employee counts and refocusing on coffee as an employee benefit in the workplace. Single-cup is gaining market share and increasing sales as more users focus on individual taste preferences..."

In a landmark study in 2006 by Harris Interactive employees (both coffee drinkers and non-drinkers) were asked if this statement was true – "Employees are happier in offices where coffee is supplied to them by the company". An incredible 90% of people agreed with this statement

With a variety of name-brand, single cup coffee to choose from, we will be able to provide your location the product mix your employees and customers are looking for.

Finally... a way to control your office coffee expenses while keeping employees loyal, happy & more productive.

It's the dilemma all business employers/managers face: "How do I show my employees I value them – and keep them in the office – by providing the quality coffee they're craving, and yet control my coffee costs?"

We offer the perfect solution.

Introducing the Single Cup Coffee Vendor. Management loves the control. Employees/Customers love the variety of premium coffee.

Quick Servicing:

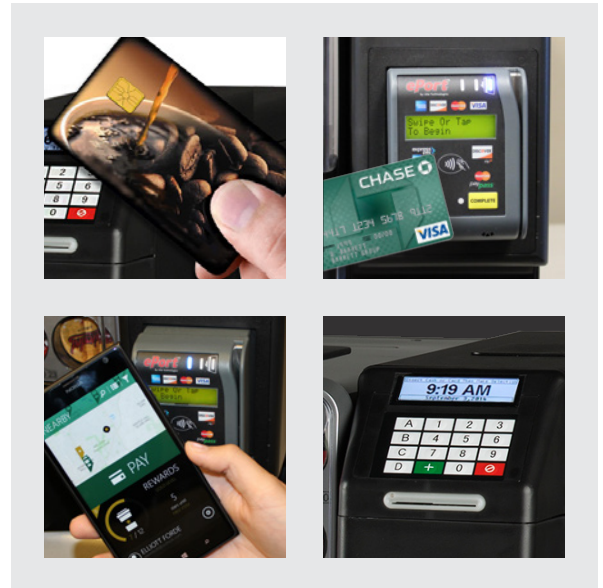

Light-weight interchangeable cartridge allows the exchange of a fully-stocked cartridge for a depleted cartridge in less than one minute.

K-cup® is a registered trademark of Keurig, Inc.

THREE OPTIONS – YOU DECIDE

- 1 - Free Coffee** - If you are providing free coffee to your employees you can set the number of free cups/day using VIP Employee Cards or Personal PIN Codes. You can even set the number of free cups/day per employee. Employees who wish to purchase additional coffee can do so by using our optional payment systems. As a preference, you can allow visitors/customers to enjoy free coffee as well.
- 2 - Subsidized Coffee** - You can also choose to subsidize coffee rather than provide it for free by having your company and employees each pay a portion of the cost.
- 3 - Purchased by Employees.** Your employees pay the full cost of their coffee, tea, hot cocoa, cider etc. You keep them in the office with a greater variety of coffee but without the cost to your company.

SOLVING THE OFFICE COFFEE DILEMMA

- ✓ *Employees are tired of the bland coffee pot so they go elsewhere. An in-office coffee break takes an average of 4.6 minutes. A trip outside the office for coffee averages 14.9 minutes.*
- ✓ *Many companies have converted from coffee pots to K-Cups but theft has become a major issue. The Single Cup Coffee Vendor stops daily theft from employees, cleaning crews and others who are taking K-Cups home to brew.*
- ✓ *Create a buzz in the break room by offering high demand, name-brand coffee everyone in the office will love!*
