10 Reasons You'll Flip for ADTC

2 EXERCISE YOUR INDEPENDENCE

It's a fact – growth experiences begin at camp. Each year we hear from parents about how these experiences continue to impact the lives of their daughters at home and in their communities.

4 TACKLE NEW CHALLENGES

Not only do our brains need stimulation and activity to function, people who try new things have better physical health and are more creative.

5 UNPLUG TO CHECK-IN

Claustrophobia is a condition caused when Facebook, Instagram, texting and bad TV collaborate in a hostile takeover of your personal space. Relief can be found when you unplug so you can check in with yourself.

1 FIND YOUR SPIRIT

Combine exercise with new friends, activities, and independence, and ADTC campers feel happier and more connected to their true spirit than ever!

3 EMBRACE YOUR LIFE'S RHYTHM

There's something healing about rhythm, and when you experience this in your everyday life, you feel centered and balanced.

6 DISCOVER YOUR CREATIVITY

After just 20 minutes of exercise, brain cognition significantly improves for girls... the perfect time to tap into your inventive side with one of the many creative activities we offer at ADTC.

10 REAP THE REWARDS

Enjoy a FUN and engaging program while improving your physical and emotional well-being. ADTC promotes character development, self-esteem, and a love for dance and life.

9 BREATHE THE FRESH AIR

ADTC operates in locations where the pace of life is slower. Turns out you can reduce stress, raise serotonin and boost your immune system just by breathing. We provide the space and guidance to relax.

8 GET AWAY AT A NEARBY RETREAT

Our airport shuttle service makes it easy to get to the ADTC location of your choice, but sometimes the greatest escape is right in your backyard. Our camps are close to major cities but feel away from it all.

7 EXPAND YOUR NETWORK

Community and a sense of belonging make life more fulfilling. Many girls come solo to ADTC and leave with dozens of new friends. Friendship aids our psychological health, our immune systems, and our longevity.

THE ADTC DIFFERENCE

ADTC is a movement towards love with an inherent belief in core values that inspire us every day we wake up. The best way to understand the ADTC difference is to attend a session with us, but we've done our best to identify key elements that contribute to making American Dance Training Camps truly unique, and our summer camp experience one you'll remember for a lifetime.

THE ADTC DIFFERENCE #1: GREAT TEACHERS

It takes a lot of enthusiastic, dedicated people to create American Dance Training Camps around the country. Each year ADTC staff (new and returning) undergo a rigorous hiring process that includes an extensive application, interviews, employment verification, criminal background check, CPR & first aid certification, physical exam, health screening, skills verification, and a multi-day pre-camp staff training.

And it works! You couldn't ask for more interesting, sensitive and enjoyable teachers and counselors.

Our team leaders understand that when they become an ADTC counselor, they accept one of

the greatest responsibilities there is in life — to be entrusted with the health, well-being and education of young girls. Their role is complex: teacher, friend, disciplinarian, mentor, dance instructor and protector to each of their campers, sometimes all at once! The living group is a family and our camp is a community.

Parents' willingness to place their children in the care of ADTC is an expression of trust and our counselors understand and accept this very important responsibility.

In order to incorporate ADTC's philosophy and objectives into each child's camp experience, our

counselors accept campers as they find them and recognize their worth as individuals. The measure of the success of our camping program is not in teaching dance alone, but in how we positively affect the lives of our campers.

Being a sensitive, effective counselor is more an art than science. Our staffers approach their jobs with love, a firm sense of responsibility, a willingness to work hard and a commitment that allows them to accept nothing but the best from themselves.

ADTC CELEBRITY CHOREOGRAPHERS

ADTC'S dance instructors are members of some of the best national and international studios and performance groups. Our dance instructors are Broadway and MTV performers, finalists from your favorite dance TV shows, collegiate dance team competitors and even Radio City Rockettes! Many of our dance instructors return year after year. ADTC's camper-to-counselor ratio is 7:1.

THE ADTC DIFFERENCE #2:

Beautiful LOCATIONS

According to Richard Louv in 'Last Child in the Woods,' today's children are spending less time outdoors, resulting in a wide range of psychological, physical and behavioral problems. Humans have an instinctive need to bond with the earth and we've got lots of places to do this! ADTC operates overnight camps in eight U.S. states plus Costa Rica. Our dance camp locations are all right within or just minutes from renowned destination resorts or major U.S. cities. Our unique dance camp locations mean that ADTC campers have access to all the traditional activities you'd want to enjoy at a summer dance camp, as well as all of the amenities you'd expect to find at a resort location. At ADTC, we have just as much fun outside the dance studio as we do in class!

FABULOUS FACILITIES

Our facilities feature dormitory-style sleeping arrangements, community lounges (for all-camp meetings, watching TV, doing arts & crafts and just hanging out), laundry facilities, a cafeteria with top-notch food service, performance area and a Dance Canteen for basic supplies, snacks, dance accessories, and ADTC apparel and souvenirs. It's just us in our living space... we'll have exclusive access to either the entire dorm, or to specific floors within our building. Hallway blocks are organized so that girls of similar ages are grouped together. ADTC staff (in single rooms) are either mixed in right along the hallways, or housed in RA (Resident Assistant) rooms on each floor. Either way, our staff provides campers with constant supervision and 24-hour support.

ALL ADTC FACILITIES FEATURE...

CAFETERIA-STYLE DINING

Hardy, tasty & nutritious meals are prepared by professional food services and served buffet-style!

DANCE SPACES

Our locations feature beautiful dance studios or private spaces set with marley dance floors!

"CANTEEN" (STORE)

We carry snacks, beverages, personal items, dance apparel, and ADTC t-shirts & souvenirs!

GAME ROOMS

We set up space in the Canteen for arts & crafts, board games, etc. Many facilities also have lounge areas with games like ping pong and foosball!

NATURAL BEAUTY

Our locations are some of the greatest national parks and mountain resort areas in the U.S. Come relax and breathe the mountain air!

A "HOMEY" FEEL

You'll feel right at home with your new best friends and our amazing staff. We offer bonding opportunities like "pajama parties" and "spa nights."

THE ADTC DIFFERENCE #3:

Fun DANCE CLASSES!

Unlike some dance camps, ADTC is open to dancers of ALL levels, from first-time beginners to advanced performers...and everyone in between. Our classes are as fun as they are challenging! ADTC dance classes are grouped by age and ability, and class sizes are kept as small as possible to enable plenty of one-on-one interaction. Campers take four dance classes daily and at week's end they get to show off their new moves in a big Friday night performance for family, friends and fellow campers. In addition to core classes in contemporary, hip hop & jazz (styles of jazz vary and may include lyrical, modern or Broadway), campers will choose between ballet, tap or world dance for their core elective dance discipline.

SUNDAY NIGHT DANCE SCREENING

After check-in on Sunday, campers participate in a "dance screening" where they learn two short dance combinations. This informal process helps our teachers place campers in appropriate dance groups for the week.

ADTC IS FOR ALL LEVEL DANCERS

Absolute beginners through experienced performers are welcome at ADTC!

DANCE STIMULATES ENDORPHINS

Feel Great: Studies show that dance can increase self confidence and help build social skills.

Go With the Flow: Our bodies and our lives are ordered by rhythms great and small, so rhythm makes us feel great while it does us good.

Reduce Stress: Movement plus rhythm creates an anxiety-reducing, focused & meditative state.

Zap Boredom: Dance is an endlessly varied form of physical activity with strong mind-body and social components; if you like it, you're likely to stick with it!

THE ADTC DIFFERENCE #4:

At the start of each week, the ADTC staff helps campers get to know each other and to build camaraderie by placing the girls into teams. The teams earn points by competing in organized all-camp evening events like American Dance Idol, Team Cheers, Dance Tech Night (dance trivia, flexibility, strength and leaps competitions), & more!

Awesome ACTIVITIES!

Optional activities and field trips are offered at each ADTC location, typically in the afternoon during free time. Activities may be purchased individually at check-in or through your online account.
