IT'S YOUR MONEY

Why do insurance companies conceal the fact that policy holders may be entitled to additional cash benefits?

Why are bankruptcy rates among cancer patients and seniors more than double than that of the general population?

Why do patients who are receiving care feel unsure about discussing the subject of **MONEY** and the effects it can have both emotionally and physically?

HEALING & RECOVERY should be the primary concern for all patients **"NOT MONEY" or "THE LACK OF"**

Have you been diagnosed with a life threatening illness and own life insurance or covered by a group policy?

Were you born before 1943 and own life insurance or covered by a group policy?
