Come See Why Smarter Companies are Choosing Meridian Business Centers' Dallas, Ft. Worth and Houston Executive Office Suites, Virtual Offices, Meeting Rooms and Video Conferencing.

Value

Either you need Dallas/Ft. Worth Office Space, Dallas Executive Suites, Ft. Worth Executive Suites, Houston Office Space, Houston Executive Suites, or maybe you simply need a place to stop in and use an on-demand office or meeting room from time to time or utilize our local business phone numbers, phone answering or business addresses through one of our virtual office solutions. At Meridian, you will always find affordable and beautiful, professional properties. To make decisions easy for our full service executive suite clients, we include everything in one upfront and honest price - including the office, phone answering and 55 hours of conference room time per month (alone a value of over \$1,600/mo).

Our meeting room, training room, computer lab, conference room, board room and video conference room rentals are another tribute to that same philosophy of value. We will not charge you booking fees, service fees or administrative fees and parking is free at every location.

Added value is found in our flexibility and comprehensive service offerings. Starting or growing a business is difficult enough and renting your office, virtual office or meeting room shouldn't be. We can help you scale your space as quickly as needed, depending upon your requirement. Start with an on-demand office or meeting room and as your business scales, grow into a virtual office and then a Full Service office.

Community

Companies that partner with Meridian share more than a prestigious address. They also share ideas and services. Our Executive Office Business Centers are places where savvy, growing companies can network, interact and learn from one another.

We are also a large part of the community within our home state of Texas. We have been a contributing business member for 15 years, and are proud to say we have built a solid reputation as an upstanding member of the Dallas, Ft. Worth and Houston business communities by honoring our commitments.

Service

Meridian Business Centers positions its management team in every one of its business centers - we operate with an open-door policy as a medium-sized company without all of the corporate bureaucracy and red tape.

The service we provide in terms of technology is unparalleled in our industry. We outfit each of our locations with 100Mbps of bandwidth! We have the latest systems in place, with all locations offering IP PBX telephone systems, Cisco IP telephones and FollowMe Technology including Voicemail to Email and Efax, with local technical support.. All of this is in place to ensure you can operate your business with maximum efficiency.

Our customers begin their road to profitability with Meridian and stay for extended terms. Our customers know that we will manage every aspect of the workplace, so they can focus their time and energy on running their businesses.
