

Please add these five lines like this. They should start at the bottom and work up and be at the bottom of the needle as shown. These are fracture lines in the 'glass'.

Can you do your best to make the skull a bit more like this one and remove about 50% of the shading. Your skull is good but it needs a bit more shading so it doesn't look so white. Can you add one more shade of gray?

Please replace the text with this text Franklin Gothic at 26 pt. placing it on the inside edge of the circle.
