

FIREHAWK FIRE & SAFETY: NEW WEBSITE LAUNCH

WINNING DESIGN Delivery Expectations:

All final updates and web-hosting will be completed within my existing wordpress account:

1: Take down existing site and load-up a 1 page (Under Construction) page with our emergency contact info, phone number, email and "25 th anniversary coming soon"

2: Complete DESIGN for ALL PAGES for final design approval process: 1 week? TBD

Design approval process should show desktop and mobile versions of site pages for approval; ****Each of the 5 main service / landing pages can be the same layout with navigation and links to other pages / glossary pages and get a quote button)

	DESIGN APPROVAL	
	DESKTOP	MOBILE
