

WAGONS

The Old West &

Founded in 2015, in Bear Lake, Utah, **CONESTOGA WAGON CO.** handcrafts custom made wagons for the glamping, hotel & camping industry. Conestoga's craftsmanship is quickly earning the reputation for providing dependable and durable units.

Conestoga's were first built in 1750 for the purpose of transporting families to the unknown areas of the West. Our idea was to now build them to accommodate a family of six comfortably – 22 ft. long, 10 ft. wide and 12.5 ft. high and with the addition of electricity.

CONESTOGA WAGONS

Modeled after authentic 19th century designs, our luxury wagons evoke an Old West ambiance with the comfort and convenience of modern day technology. Fully mobile wagons can be moved around your campsite to accommodate group size or for complete solitude. Equipped with pillow-top mattresses, comfortably sleep six, appeal to adults and kids alike while making your guest experience unforgettable!
