

Ease Your Knees
during bath time!

My Story

As a parent, we take great pride in caring for our kids. My children, Noah and Levi, actually inspired me to develop this amazing new product. When I told them about my idea and how it would help their nani and I, they loved it! With wide eyes they asked, "When will it be in stores, Mom?!". They didn't ask "if", they asked "when". That was all the motivation I needed. Thank you, boys.

Bathe your kids
