

SECURITY

ADIRONDACK CABLING AND SECURITY

SECURE CONNECTED BUILDINGS

Let us help migrate your security infrastructure to a fully integrated IP solution leveraging existing network investments.

Video Surveillance

Safe-guard your employees and assets, control shrinkage, reduce your liability and help make more informed safety and business decisions.

Access Control

Restrict and monitor employee, vendor and visitor access to valuable assets and areas.

Burglary

Prevent loss of life and property. Businesses without alarm systems are four times more likely to be broken into than those that do.

Monitoring

Our fully staffed monitoring center is available 365 days a year, 7 days a week and capable of monitoring your burglar and fire systems for abnormalities and service interruptions.
