

DESIGN BRIEF FOR MOBILE APP FOR CAREERVAN

11 November 2016

Introduction

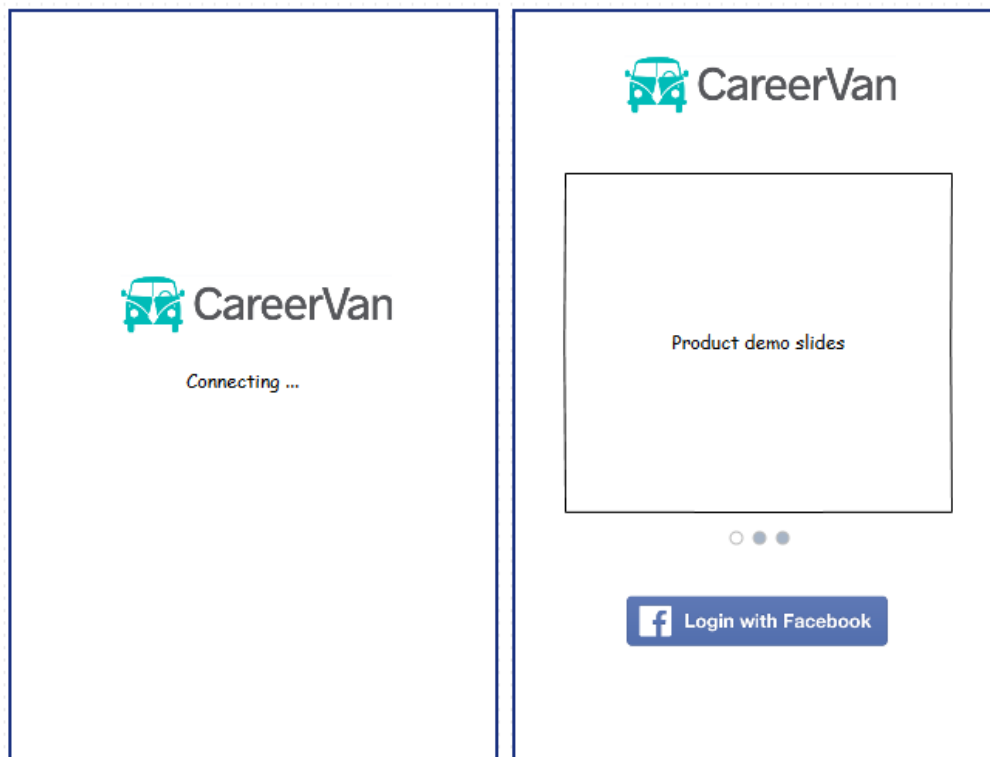

CareerVan is a job matching and job search app targeting Millennial job seekers aged 18-30. CareerVan makes use of machine learning based on the user's profile, desired jobs, responses to suggested jobs and other data points to recommend relevant jobs that will result in a successful interview for the candidate. The candidate can then apply for the jobs directly from the CareerVan app.
