## Whose tie will you buy?

A tie (or scarf), for most of us, is an essential part of professional dress. It's an accessory that conveys a sense of personal style. A great tie makes us memorable. That perfect tie or scarf can set your suit on fire. But too many people in our city don't have even the basic clothes they need to apply for a job, attend an event, or gain respect in our society. The homeless usually have nothing more than the clothes on their back.

**Tie One On** – raises funds for Homes First to help the homeless. Features an auction of ties and scarves.

Tickets include one drink, food, music and the chance to bid on neck-wear worn by:
