3M™ Scotchkote™ 323 Field Applied Pipeline Coatings

Since 1960, 3M has achieved an international reputation in the field of high performance corrosion protection coatings with fusion bonded epoxy products. This tradition of pipeline protection extends into the field with reliable, easy-to-apply liquid coatings. Let 3M show you how 50 years of experience can lead to less waste, reduced rework, and better productivity by using 3M Scotchkote™ 323 epoxy coatings.

3M™ Scotchkote™ coatings are proudly made in the U.S.A.
