

This large life-like rabbit vibe is designed to reach your G-spot with ease and proportion, it feels just like the real thing, two motors with 11 powerful functions and control separately, while the realistic tip tickles that sweet spot in just the right way, enhanced by a luxurious silicone texture that mimics real skin. Take this beauty into the bath or shower with you, as it's completely waterproof and clean up in a snap with toy cleaner and a warm water rinse.
