

Logo Text Maronites on Mission Australia

Tagline We serve the poor

Who They Are

Maronites on Mission (MoM) Australia – Is a Christian, charitable, voluntary organisation founded in 2013.

They have 3 areas of focus:

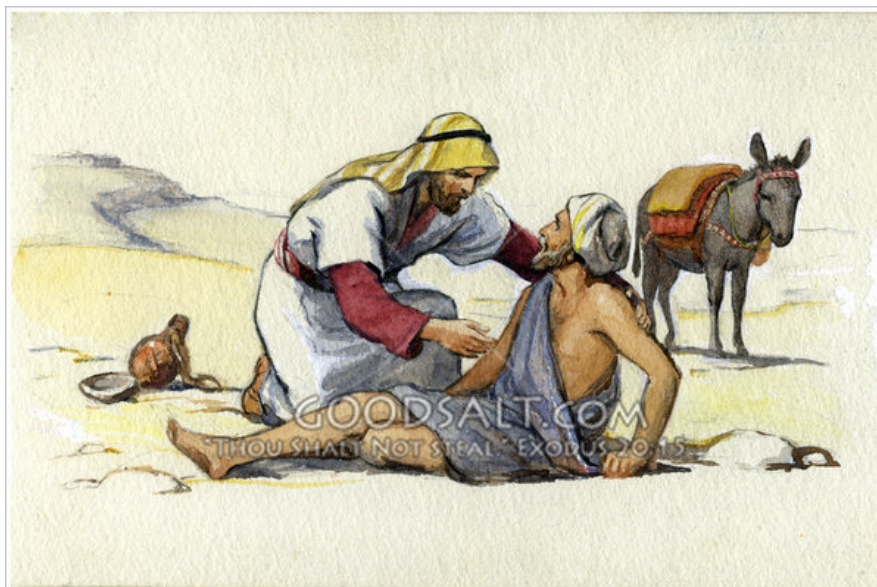

1. Homeless outreach - Servicing two homeless food runs a week in Sydney City and Parramatta
2. Home visits - A committed home visits team who provide food packs and support struggling families according to their individual needs.
3. International Missions - Continued international medical missions and including providing support to the Missionaries of the Poor for the building of St Charbel's centre for disabled and abandoned children in the slums of Manila.

Design Guide

The objective is to come up with a logo that delivers the message that MoM are

- A charity - helping people, helping others and that
- They have Christian values

The image of the Good Samaritan embodies this concept and converting this picture into a more contemporary part of the logo is desired.

The Maronite cross should also be incorporated within the logo

The colours from the current logo are acceptable and can be taken as a guide, however the colour palette is not fixed so it is optional to come up with an alternate palette.

The tagline is also optional for use within the logo.

Current logo
