

WELCOME, TO MY PAGE. I AM DR SUSAN WALKER

ABOUT ME

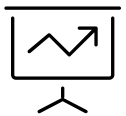

Hello, I am a Chiropractor and a Diplomate of the International College of Applied Kinesiology (ICAK). I am also on the board of certified teachers for the ICAK.

Teaching engagements take me to local, national and international destinations.

Thank you for visiting my page. I look forward to sharing some of my insights with you via my blog.

I am born and bred here in Brisbane, Australia and love this city that I call home.

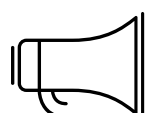

SKILLS

BUSINESS DEVELOPMENT

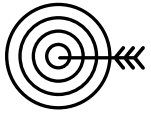

I founded an award winning Chiropractic healthcare clinic in 2005. It grew to employ five Chiropractors and eight support staff. Together we treated in excess of 18,000 patient appointments annually. I sold the business in 2016.

2017 will see me roll out a new business strategy for a healthcare product entering the Australian market. This business will be in distribution, logistics and education of health professionals.

TEACHING

I love the symbiotic relationship I have with my students. A room a-buzz with people eager to learn what I know, while I get a kick out of sharing what I know. The sharing of ideas and technique has taken me to the stage for community talks, healthcare industry seminars, as well as international congresses.

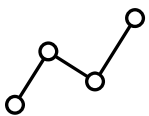

CHIROPRACTIC SKILLS

Diagnostics using functional neurology and manual muscle testing along with manual Chiropractic adjusting skills has held me in good stead to influence the function and wellbeing of my patients since 2002. I see anyone with a body! From athletes at the top of their careers, sports people after their careers, active people, sedentary people, elderly people, middle aged people, and of course little people.

MOTHER AND WIFE

I am a wife of a widower (WOM), a mother of two – one was a bonus, and one that I birthed. I have seen the seasons of life, the tidal flow, the ups and downs and the goodness that comes with positive thinking, gratefulness, persistence, hard work and a genuine interest and care for the people in our lives.

PRODUCT LAUNCHING

I have a special interest in product launching using the power of social media, connectedness with our natural network of colleagues and sensible targeted marketing strategies.

EVENT CO-ORDINATION

There's nothing quite like a deadline to get you focussed, and events are like a deadline that go off with a BANG! I love the build up and crescendo that event management brings to my life.

PROFESSIONAL EXPERIENCES

 2017	-
<p>Started EnterosOZ – Exclusive Distributors for Enterosgel (Queensland, New South Wales and Victoria)</p> <p>EnterosOZ is sponsoring ‘Everybody is an Athlete’ for the ICAK-A in Adelaide in April</p> <p>Presenting ‘AK Certification Seminar – Sessions 7-8’, Brisbane</p> <p>Scheduled to present ‘Retained Neonatal Reflexes’ Seminars with Founder Dr Keith Keen DC in Sydney mid 2017</p>

EDUCATION

Life is for learning. And the more I learn, the more curious I become. I have a thirst to understand things and am passionately inquisitive. My patients and my children are my greatest teachers. But here are my formal foundation studies.

DIPLOMATE OF THE INTERNATIONAL BOARD OF APPLIED KINESIOLOGY
BOARD OF CERTIFIED TEACHERS
ANTWERP, BELGIUM 2008

MASTER OF CHIROPRACTIC
SYDNEY, AUSTRALIA 2000-2002

BACHELOR OF SCIENCE (ANATOMY)
BRISBANE, AUSTRALIA 1997-1999

1992-1996

EDUCATION IS NOT PREPARATION
FOR LIFE, EDUCATION IS LIFE ITSELF.

EMPLOYMENT

YOUR BODY WORKS
FOUNDER, CHIROPRACTOR

2005-2017

What a wonderful place to work! I can't come to this clinic and not feel happy. It's decorated for the hundreds of children who get treated here. I've been privileged to watch so many families blossom through the stages of infancy to teens. They feel like family.

My job here as Chiropractor has been to train my Chiropractic Associates, Chiropractic Assistants and support staff. To keep the standards high, the team managed and motivated, and the clinic excelling. In July 2016 I sold this business but I continue to work here as an Associate Chiropractor.

**NORTH SYDNEY SPINE & HEALTH CENTRE
ASSOCIATE CHIROPRACTOR**

2004-2005_____

I learned a lot from my mentor Dr Adam Meredith here. He taught me how to think like a business woman, which was exactly what I needed for my next move.

**VITAL SYNERGY CENTRE
ASSOCIATE CHIROPRACTOR**

2003-2004_____

Working under Dr Keith Keen has been the greatest gift I could have imagined first year out of University. He taught me his life's learnings and I have treasured them. He taught me that the greatest gift for any teacher is to have their student surpass them. He taught me how to be an ego free teacher, share my knowledge unreservedly with those who ask, and how to live without expectations. He shaped me into the practitioner and teacher I have become.

**MACQUARIE UNIVERSITY
CHIROPRACTIC SKILLS TUTOR AND EXAMINER**

2002_____

What an honour to be invited to tutor and examine 2nd year Chiropractic Skills whilst in my final year of my Masters of Chiropractic. And what a delightful bunch of students we had that year too!
