All We Have (of Life)

[124 bpm E minor]

Verse 1 – Part A (12 Bars)

If I have to I'll wait forever for you to walk back through that door
The times that past are like grains of sand that have scattered on the floor
I will wait here a lifetime
Until the sands won't come back no more

Verse 1 – Part B (12 Bars)

Well it was you and I in a miracle
And suddenly I took your hand
I saw the way that you looked at me
But that never was part of the plan
And then you said that you loved me
And I became more than a man

Major Chorus (16 Bars)

And if you'll look into my eyes
I know you'll realize
The time that's passing by
Is all we have of life
The truth is in the lie
It's what we feel inside
The truth will never die
We'll never say goodbye

Verse 2 – Part A (8 Bars)

In and out of the moment
When suddenly it's left behind
Winning out and then losing
As memories and futures collide

Verse 2 – Part B (4 Bars)

When you thought 'this is over'
Were you standing where I am tonight?

Outtro (Vamp)

Gonna find a new beginning, over and over

3 Phrase Chorus (23 Bars)

And if you look into my eyes
I know you'll realize
The time that's passing by
Is all we have of life
It's taken me so long
To write this simple song
All we thought we'd learned
Was quickly burned
As everything went wrong
The supposed piece of mind
Was just a waste of time
Because the truth is still that I,
Will never say goodbye
