- › Product repairs, spare parts and peripherals
- › Preventative maintenance services and agreements
- › Managed audio visual services
- › Installation of audio visual hardware

/ Making a Difference in a Changing World /

/ Code of conduct /

We are committed to acting with integrity at all times. For us, integrity starts with the beliefs and actions of each individual. Our success is dependent on the way our people conduct themselves every day. The av media systems Code of Conduct is a commitment to Performance with Integrity and defines the standards of ethical conduct that av media systems requires of its people.

av media systems and its staff must comply with all applicable laws and regulations.

We will not condone the activities of employees who achieve results through violation of the law or unethical business dealings. We do not permit any activity that fails to stand public scrutiny. All business conduct will be well above the minimum standards required by law and our customers. Accordingly, all staff must ensure that their actions cannot be interpreted as being in contravention of the laws and regulations governing our operations.

/ Core values /

Our increasingly complex environment makes it essential that we deliver clear value to our clients and continue to have clarity in our own values. Our values define who we are, what we stand for and help create a sense of shared identity.

Doing “what’s right” has always been our fundamental principle and core element of our culture. An ethical mindset supports values-based decision-making when serving clients and throughout the course of our daily lives. We pride ourselves in focusing on doing not only what is good for business, but what is good for our people and the communities in which we live and work.

Leading by example / Working together / Communicating openly and honestly /
Being committed to our clients / Acting with integrity / Focusing on what matters most /
Accepting responsibility / Delivering what we promise / Adding value
