Notes:

- Confirm Quantities prior to ordering as quantities indicated in schedule are indicative only. Plans and details to take precedence over the schedule unless noted otherwise.
- Lead times indicated within this schedule have been provided as indicative only. All lead times are to be confirmed with the supplier and/or manufacturer, based on total quantities and availability of fabric or other specific finish (where applicable).
- The Head Contractor is to ensure adequate time is allowed for procurement and delivery of specified finishes, materials and/or products, within the construction programme. If the Designer is requested by the Head Contractor to respecify any finishes, materials or products due to late orders a fee may apply and be payable by the Head Contractor. A minimum of 5 working days notice is required if any reselection is needed.
- Floors must be even to avoid pools of water and to eliminate tripping hazards (HB: 197:1999)
- It is the responsibility of the Head Contractor to collect and collate all maintenance manuals and warranties for the items contained within this schedule at the completion of the project (or completion of stage, where applicable). These documents are to be submitted to the end user for their record.
- The head contractor and furniture contractor is to coordinate for requirements and any limitations to access the site for delivery of items within this schedule, Including but not limited to; lift access and dimensions, door openings and any fixed built elements that may restrict access.
- Images of items shown within this schedule are indicative only.
- Revisions for attention since last issue shown in highlighted text with revision maker under the code column.
