

## Why Choose Us?

Since eVoice® was founded in 2000, we have been dedicated to helping small businesses manage calls more efficiently, maintain a professional image, and empower our customers with the freedom to work from anywhere.

In short, eVoice® is a better way to connect.

Cited by Inc. Magazine as one of the "Best Voicemail Management Services," eVoice gives entrepreneurs and small businesses the flexibility they need to manage their communications on the go. Our service has been positively cited in Forbes, PC Magazine, Business Tech Edge, Fox News, Information Week, Biz Report, Tech Journal, Gigom, and more.

eVoice is powered by J2 Global, a cutting-edge provider of cloud-based, unified communications services for businesses worldwide. Formed in 1995, the J2 Global network provides a suite of virtual office solutions to over 11 million subscribers in over 4,700 cities, 49 countries and 6 continents. J2 operates other critical business communication services such as eFax (online fax), Campaigner (email marketing) and Keep it Safe (online backup).
