

iDiamond means peace of mind

iDiamond is like your active lovely friend which always protects your stuff!

Two-Way Alarm

With the quick tap on your phone, iDiamond rings to locate your misplaced keys, no more hiding under the paperwork! Finding keys has never been easier.

Location map

Locate your valuable items anywhere in the world. iDiamond's location map functionality tags the last location where you lost your item. Now you know where you left your key or wallet, no second guessing any more!

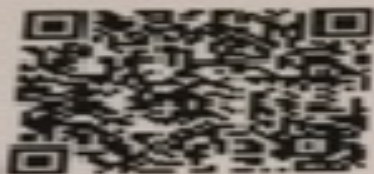

Find your Phone

Can't find your phone? Press your iDiamond's button to ring your phone, even if it's on silent! We make finding your phone too easy.

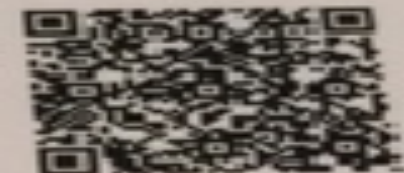

Item Separation Alert

Forgot to pick up your keys or wallet from the coffee shop? iDiamond's two-way separation alert notifies you before you are too far away from your valuables. Never leave items behind!
