POLAR EXPEDITION CRUISES

HIGH STANDARDS IN HIGH LATITUDES

DEAR TRAVELERS,

As a departure from tradition, I would like to introduce our 2018-19 catalog with a message not about us, but rather about you—our guests. Who are the travelers who choose Poseidon Expeditions?

During our 18 years of experience operating in the Polar Regions, we have had the privilege of meeting travelers of all ages who come from all around the world and who have many different interests. Among our travelers, there are those who have visited almost every continent and want to check Antarctica or the Arctic off their bucket list. We meet those who are concerned about global warming and want to know more about conservation in the Polar Regions. Others have been dreaming of traveling to the high latitudes from a young age and strive to learn as much as possible during their voyage. We host adventurers who are searching for challenges and don't want to miss a single opportunity to get a deeper experience of the unique polar world. Some of our guests are looking for peace and tranquility and find a "polar escape" in the wild areas of the Arctic and Antarctica.

If you are one of these travelers, then this catalog is for you. Or perhaps you have your own reasons for traveling to the pristine wilderness of Antarctica, Greenland, Svalbard, the Russian Arctic, or the North Pole. Whatever your reason for visiting one of these amazing destinations, you will return home filled with an irresistible fascination with the Polar Regions. All that is left for us to do is to provide High Standards in the High Latitudes—the work we have been doing for you for 18 years.

WE CARE

The most effective way to encourage conservation of wild places is to take people there and to promote understanding, appreciation, and respect for those places. In so doing, passionate concern by visitors translates into action.

In Svalbard, we are proud to take part in the "Clean up Svalbard" program organized by the governor of this High Arctic territory. Beach debris is of special concern in Svalbard as it can be deadly to wildlife such as reindeer and seabirds. As one of only a handful of vessels visiting each year, the removal of debris by our guests and staff is an important contribution to the health of this fragile ecosystem.

Similarly, as a rare visitor to remote parts of Greenland, we are likely to be the first to discover when a historic hut is damaged, perhaps by a polar bear or storm. Because the next visitor might be a local traveler in need of safe refuge, we take the opportunity to make repairs as best we can. This is another way our guests have been happy to leave a positive mark on the places we visit.

By experiencing firsthand the beauty of the Polar Regions and the passion of our staff, our guests are encouraged to join us in our commitment to protect these wild and wonderful places.

POSEIDON'S NOTABLE MILESTONES

POSEIDON EXPEDITIONS' GOAL IS TO PROVIDE CURIOUS, DISCERNING TRAVELERS WITH THE PERFECT COMBINATION OF COMFORT AND PERSONABLE SERVICE, BALANCED WITH MAXIMUM OPPORTUNITIES FOR OUTDOOR ACTIVITIES IN THE SPIRIT OF ADVENTURE

HIGH LATITUDES LOYALTY PROGRAM

To express our appreciation to our loyal travelers we've created the Polar Circle gift card. It can be used to reduce the price of any future voyage with Poseidon. Besides the savings, our guests can also take advantage of the attractive benefits listed on the back of the card. The amount of the savings and the benefits depend on the number of trips taken with us.

These savings and gift benefits are for the exclusive use of the cardholder. However, the Polar Circle gift card itself is transferrable and can be passed along to a friend or family member – it could be their entry ticket to the amazing polar world of Poseidon Expeditions.

We look forward to welcoming you back aboard!

Reservations and Payment. A deposit of 20% of the appropriate cabin rate is required to confirm reservation with final payment due 90 days prior to departure. All payments are to be made in US dollars via bank transfer.

Accommodation: Cruise rates are quoted per person and based on passengers sharing a cabin. Single supplement: 1.7 for Standard cabin; 2 for Mini Suite, Junior Suite, Grand Suite, Victory Suite and Arktika Suite.

Cancellation and Refunds. All requests for cancellation must be made in writing. Cancellations received more than 120 days prior to departure will be fully refunded less an administrative fee of 5% of the offered rate. Cancellations received between 119 days and 91 days prior to departure will be fully refunded less the deposit of 20% of the offered rate. In case a cancellation is received within the 90-day period (90 days and less prior to the beginning of the voyage), all payments are forfeited (cancellation fee is 100% of the cost of the offered rate plus the cost of the charter flight). **For these and other reasons mentioned below, passengers are strongly encouraged to obtain trip cancellation insurance.**

Prices quoted are based on group participation, and no refunds will be made for any part of the program in which passengers choose not to participate, including any helicopter flight time (if applicable and which at the discretion of the captain and expedition leader may or may not be utilized). It should be understood that refunds will not be made to passengers who do not complete the tour for any reason whatsoever.

Voyage Cancellation. Poseidon Arctic Voyages Ltd. d.b.a. Poseidon Expeditions (Operator hereafter) reserves the right to cancel any departure due to insufficient reservations up to eight weeks before the date of departure (passengers may be offered alternative cruise dates). Operator also reserves the right to cancel any departure up until the date of that departure due to force majeure or other circumstances beyond the control of Operator that prevents the operation of the tour (this also includes governmental and administrative decisions).

Operator or its agents are not responsible for any costs or penalties relating to air transport or other services that are cancelled. Operator is not liable for failure to provide the services or accommodations offered to the extent that such services or accommodations cannot be provided due to force majeure or other circumstances beyond its control.

Itinerary. The itinerary described is subject to change at the discretion of the Operator's Expedition Leader. This is an expedition to a remote and sparsely populated part of the world, and Operator expressly reserves the right to change the itinerary, the date or place of departure due to weather conditions, availability of anchorages, political conditions and other factors beyond Operator's control without consulting the participants. It is understood that such decisions will be made in the interests of all passengers aboard and with regard to the safety of the vessel. Participants have no right to any refund or other considerations in the event of such itinerary changes. Nothing in this Itinerary is meant to signify the use of any specific design or model of helicopter. If a passenger misses any scheduled sailing of the vessel from any port or place, including any stopover, Operator shall not be liable for any costs, expenses or damages incurred by the passenger as a result of his/her action and no refund of fare shall be granted. Passengers and

staff members who participate in tours, operated by Operator, agree that any photographs or video, that include their person, may be used by Operator and its associates for promotional purposes. Passengers may not charge for their appearance in any photographs or video.

Responsibility. Operator acts as sales agent on behalf of the shipping company and as a sales agent on behalf of transport companies, hotels, and other supplying services included in the program. However, Operator, its subsidiaries and/or its associated agents, shall not be held responsible for property loss(es) or damage resulting from illness, personal injury or death which may be sustained by reason of, or while engaged on, any tour whether due to the ownership, maintenance, use, operation or control of any aircraft, helicopter, automobile, bicycle, boat, vehicle, state carrier or any other conveyance used in carrying out these tours.

Operator can assume no liability due to any cause whatsoever whether caused by failure or delay or other irregularity, acts or omissions occurring during a tour under which the means of transportation or other service provided thereby is offered or supplied by owners, operators or public carriers for whom Operator acts only as agent.

Operator reserves the right (at its discretion) to alter or omit any part of the itinerary or change any reservation, feature and/or means of conveyance without notice and for any reason whatsoever and without allowance or refund. Operator reserves the right to cancel any tour prior to departure, in which case payments will be refunded without further obligation on Operator's part.

Operator shall not be responsible for any injury to person (whether or not resulting in death) or damage to property arising out of any act of war, insurrection, revolt or other civil uprising or military action in the countries of origin, destination or passage. The passenger is completely liable for damage or injury (to his/her own person, other passengers, ship, staff or other) caused by improper behavior.

Children. In general, our policy is that children must be at least 12 years of age to participate in a Poseidon Expeditions voyage. However, we may on a case by case basis accept children ages 8-11 with additional screening.

Insurance. All passengers are covered by medical travel insurance policy to the value of 100.000 EUR per person and said policy includes emergency evacuation and repatriation. This is only for passengers under 85 years old. Passengers over 85 years old are to purchase their own insurance policy with coverage not less than 100,000 EUR – such policy is to cover risks of repatriation/evacuation from extremely remote territories, and is to be sufficient for travelling in the High Arctic. Any risks, not covered by the insurance policy provided, are to be covered by passengers at his/her disposal and at his/her own expense. Insurance is in effect only on board the Ship and outside the port of Murmansk.

The medical insurance coverage to the value of 100.000 EUR per person provided and implemented by insurance company (Insurer) in accordance with the Insurer's general terms and conditions. Nevertheless, it is to be understood by passengers that the Insurer is an independent provider and the Insurance Policy is made between the passenger and the Insurer. Operator is not liable for any disagreements or misunderstandings that might arise between the passenger and the Insurer. Each passenger is fully responsible for resolving any issues that might arise from his/her contract with the Insurer. Operator reserves the right to substitute the Insurer. In case of substitution, the new Insurer is to provide an insurance policy that is sufficient for the expedition cruise by Operator described in this brochure or file.

Passengers are not permitted to bring or have on board any pets or animals, firearms, flammable or hazardous items, controlled or prohibited substances or drugs, contraband or items prohibited by any country or port to be visited. Baggage is transported entirely at the owner's risk.

For those passengers who rejected the insurance policy included into the cost of voyage, but did not make appropriate insurance policy on their own: in case of medical problems arising during the voyage, either on board or on shore, which results in costs for evacuation, use of aircraft or repatriation, the responsibility for payment of these costs rests solely with the passenger and his/her Insurer. The on-board medical personnel (doctors) are independent contractors and work directly for the passenger concerned.

The published rate is based on the prices, exchange rates, duties and taxes as known to Operator at the time of publication of materials and at the time of travel confirmation. Operator reserves the right to raise the published rate (for such reasons as but not limited to unforeseeable increases in exchange rates, duties, taxes, port fees and fuel prices) if considered necessary by Operator. Operator will inform passengers, tour operators or agents at least 30 days prior to departure. In the event of a price increase of more than 15% of the total price of the trip, passengers, tour operators or agents are entitled to cancel the trip without incurring cancellation fee for the trip.

By forwarding a deposit the passenger certifies that he/she does not have any mental, physical or other condition or disability that would create a hazard for him/her or other passengers. Operator reserves the right to cancel or withdraw any person as a member of a tour at any time.

Above-recited Terms & Conditions are valid at the time of going to press. For the up to date version of Terms & Conditions please visit www.poseidonexpeditions.com.

Itineraries. POSEIDON EXPEDITIONS' captain and expedition team will do everything possible to complete the voyage as outlined in the voyage itinerary. However itineraries (including all scheduled landings and excursions) in Polar Regions are heavily dependent on weather and ice conditions. Occasionally conditions and/or safety concerns require Itinerary changes. The Captain and expedition team will accordingly make every effort to find the best alternative to the original itinerary while keeping passengers informed and updated. Itinerary changes are not subject to passenger approval/consent and in the event of such a change no refunds or price adjustments are possible. Placement of a booking with Operator amounts to an acknowledgement that itinerary changes are possible.

Photography/Video. Operator reserves the right to use photographs and/or videos taken during the operation of the voyage for promotional purposes for the company and/or its sales agents. Passengers who prefer that their images not be used are asked to identify themselves to Operator and its agent, prior to embarkation.

Smoking. There is no smoking inside the ship. There will be a designated smoking place outside in a sheltered area.

Alcohol. Alcohol is available for sale in our bar. Operator reserves the right to refuse alcohol to anyone deemed to be intoxicated.

Eligibility. There are no specific physical requirements for travel in Polar Regions. However we are traveling to the remote region of the world and we are traveling on a ship which, at times, may be in rough seas. Passengers with certain medical/health issues may not be appropriate for this type of expedition and are advised to exercise appropriate caution. Our medical information form lists a number of these conditions.

Pre-departure forms. Prior to boarding, specific passenger information is required not only for passenger safety, but for international reporting regulations. Required information must be completed in the forms provided by Operator and in our possession at least 60 days prior to departure. Final documents cannot be issued for passengers whose information has not been received.

Passenger Medical Information. We require all passengers to submit basic medical information prior to departure. Upon receipt of that basic medical information, specific physical conditions may necessitate additional documentation from a passenger's physician certifying fitness to travel on a voyage to Antarctica. If additional medical confirmation is requested, boarding will not be allowed absent receipt of that confirmation. Operator has a pregnancy policy that women are welcome with explicit doctor's permission and having signed a specific waiver. Pregnancy policies of carriers (ship owners, airlines, bus companies, hotels, etc) may also apply. Please note that medical information will, of necessity, be available to designated POSEIDON EXPEDITIONS staff.

Please note that regardless of general eligibility there may be instances where environmental conditions require a level of fitness/mobility. In these cases individual participation in the landing(s) in question may be restricted by the Captain, Expedition Leader, or ship's doctor.

Travel Insurance. All passengers are required to carry valid travel insurance. This insurance must contain medical and evacuation coverage and should include cancellation and trip interruption as well. As any potential evacuation from Polar Regions can cost up to \$150,000 we recommend that no policy carry less than this amount of coverage. As part of the pre-departure forms Operator will require information as to carrier, policy number, and a 24-hour contact number.

All prices quoted are for cruise only. Our ground agents can assist with

arrangements for additional hotel nights, private transfers and land excursions.

Responsibility. The payment of a deposit or full payment for a reservation on this tour shall constitute consent to all the provisions contained herein.

Operator or its agents are not responsible for any costs or penalties relating to air transport or other services that are cancelled. Operator is not liable for failure to provide the services or accommodations offered to the extent that such services or accommodations cannot be provided due to force majeure or other circumstances beyond its control.

Operator is a qualified tour operator that organizes and administers its polar voyages. Operator will provide services in conjunction with local operators and air and sea operators. The designated operator(s), in turn, acts only as an agent for any transportation carrier, hotel, ground operator, or other suppliers of services connected with these tours ("other providers"), and the other providers are solely responsible and liable for providing their respective services. The passenger tickets in use by the carriers shall constitute the sole contract between the carriers and the passenger; the carriers are not responsible for any act, omission, or event during the time participants are not aboard their conveyances.

Operator and its designated service providers shall not be held liable for (A) any damage to, or loss of, property or injury to, or death of, persons occasioned directly or indirectly by an act or omission of any other provider, including but not limited to any defect in any aircraft, watercraft, or vehicle operated or provided by such other provider; and (B) any loss or damage due to delay, cancellation, or disruption in any manner caused by the laws, regulations, acts or failures to act, demands, orders, or interpositions of any government or any subdivision or agent thereof, or by acts of God, strikes, fire, flood, war, rebellion, terrorism, insurrection, sickness, quarantine, epidemics, theft, or any other cause(s) beyond their control. The participant waives any claim against Operator for any such loss, damage, injury, or death. In the event of Itinerary change due to any unforeseen circumstances or due to force majeure Operator is not to be held liable for any costs incurred by passengers in this case and no refunds or price adjustments are possible.

By registering for our voyage, the participant certifies that he/she does not have any mental, physical, or other condition or disability that would create a hazard for him/herself or other participants. Operator and its designated tour operator reserve the right in their sole discretion to accept, decline to accept, or remove any participant from a voyage. Operator reserves the right, without penalty, to make changes in the published itinerary whenever, in their judgment, conditions warrant, or if they deem it necessary for the comfort, convenience, or safety of participants.

Passengers are not permitted to bring or have onboard any pets or animals, firearms, flammable or hazardous items, controlled or prohibited substances or drugs, contraband or items prohibited by any country or port to be visited.

Baggage and personal effects are at all times the sole responsibility of the participant.

Resolution of disputes. Acceptance of the initial services to be provided on the trip shall constitute an acceptance by the trip member of these terms and conditions. On advancement of deposit to Operator, the depositor therefore agrees to be bound by Operator's Terms & Conditions. Above-recited Terms & Conditions are valid at the time of going to press.
