BENEFITS

• ELECTRONIC DELIVERY

Deliver records electronically through a secure HIPAA compliant portal. Meet Meaningful Use objectives while adhering to legislation under Texas HB 300 and HIPAA.

• ELECTRONIC AOD

Maintain accounting of disclosures electronically to meet stringent requirements under HITECH Act.

• HIPAA CERTIFIED EMPLOYEES

Release of Information Specialists working on behalf of your organization to ensure Protected Health Information remains private and secure.

• COST SAVINGS

Reduce overhead expenses, mitigate risk and strengthen financial performance by outsourcing the Release of Information process.

RELEASE OF INFORMATION SERVICES THAT WORK FOR YOUR BUSINESS

HealthMark Group focuses on serving the Health Information Management needs of clinics and hospitals throughout Texas. Clients range in size from solo physicians to multi-facility health systems.

Responding to requests for medical records has become highly complex over the years. HealthMark Group provides the necessary tools and resources to streamline the Release of Information process.

We strive to play an intricate role in your business, using the latest technology and providing the highest level of customer service to make your job easier.
