**Client Testimonials**

“Heather has been a great Realtor and friend throughout my original search for a condo to purchase, and the task of selling my condo in a challenging market. Obviously I hired her twice which is an absolute endorsement of her work. She has great results, is very personable and has high integrity.”

- Patrick McBride, Mt. Adams

“Heather did an wonderful job as our Realtor and we highly recommend her. She knew that we were looking for in a house and, over the course of two years, Heather went out of her way to show us houses that she thought fit our personalities, location and layout. She met with us countless times at various places and had a wealth of knowledge in all areas. It was impressive that she could speak about color patterns and room layout as well as mechanics. She never claimed to be an expert in all areas and always had top notch resources if needed as reference in every area. She found the perfect home, acted as a dual agent and made the process feel amazingly smooth!”

-Justin Stone, Liberty Hill

“Heather was always available to my husband and I via, phone, text, email, etc. Heather was always proactive with our house search. She would get us into homes before they hit the general market. Very detail oriented. Would give her the highest recommendation. Will use her again if we buy/sell property”

-Keegans, 2742 Arbor Ave, Cincinnati, OH

“It is with pleasure and sincerity that I can highly recommend Heather both as an effective and successful Realtor. She is also a person of integrity. She sold my Condo within the first week of listing it. I felt that the selling price she came up with was accurate. It had been on the market before several times. It did not move so I ended up renting it and when Heather took over it sold quickly. She is very professional in her calm and credible style. She came up with some creative marketing ideas.”

-Judith A. Glenn, The Belvedere of North Avondale

“Five star rating on Zillow...Heather sold our house before it officially hit the market. She has an incredible real estate network, a proactive work ethic and her attention to marketing detail is a cut above the rest.”

-Elizabeth and Dustin Placke, 2014 in Mt. Lookout, Cincinnati, OH
