Shirt designs

ABOUT US

Celebrating the Ladies of Steam. Hard work and enjoyment running and working on the steam engines we love.

Check out our Facebook page at
<https://www.facebook.com/ladiesofsteam/>

TASK DESCRIPTION

Looking for a t-shirt design to capture the eye that will fit various apparel and must include 'Ladies of Steam' in Blessed Day font. Ladies of Steam is Minnesota based company with a global following. We celebrate women who enjoy operating turn of the century equipment (i.e., steam traction engines, steam locomotives, stationary steam engines, steam boats, etc.). A portion of our apparel proceeds help fund scholarships for women seeking to get their licenses to operate steam engines. In addition we also travel to several states hosting events where women teach women how to operate steam traction engines. Please see PDF attached for ideas and components that could be incorporated in the design. We would like a design with one or two colors and captures our historic endeavor.

OUR SIGNATURE

Ladies of Steam ©

- Text: Blessed Day
- We purchased rights to use this font.
