

TPP expert briefing

intermediaries & term extension

New perspectives on copyright

with Michael Geist and Howard Knopf

- ▶ Two of Canada's top copyright experts speak on the experience of recent amendments
- ▶ Important updates on landing zone issues
- ▶ Presentation of stakeholder open letters
- ▶ How has the ground shifted in 2014?

Negotiators from all of the TPP member countries are welcomed to a private luncheon briefing featuring two of Canada's world-renowned copyright experts, focusing on the subjects of copyright term extension and intermediary (ISP) liability.

Representatives from a range of international public interest organisations including EFF, Public Citizen and OpenMedia.ca will also be available to provide comments and answer questions.

This event is brought to you by *Our Fair Deal*, a non-partisan coalition of 38 civil society and industry members from TPP countries, dedicated to ensuring that the TPP provides the public with a fair deal on copyright.
