Welcome

Welcome to the National Senior Advantage Association (NSAA). NSAA was started to be part of a senior-focused charitable organization that is different from other organizations with a similar perspective or mission.

NSAA believes a charity should focus on raising money to support its mission, not its leaders. So, none of the NSAA officers or board members receive any compensation.

Please read the description of what NSAA is about and how we go about raising money to support our mission.

Thank you for joining us.

Sincerely,
Daniel V. Malloy, Sr.
Chairman

The National Senior Advantage Association

The National Senior Advantage Association (NSAA) is a non-for-profit philanthropic organization whose primary mission is to fund medical research programs affecting the over age 65 senior population. Its secondary mission is to disseminate senior-related information, including legislative summaries, lifestyle and financial information.

NSAA leverages the collective buying power of its members to develop, create and distribute benefits, services, privileges and discounts for those members, including for healthcare, travel and consumer.

One hundred percent (100%) of NSAA's net income is directed to charities. The NSAA Board of Directors consists of uncompensated volunteers. NSAA limits its expenses to rent, staff, systems, communication and services.
